The S.D.F.O. and the Conservator ~~of~~ have recommended grant of 46 acres taking into consideration that there are 23 applications and each family will atleast get 2 acres. They say the area recommended adjacent to the cultivated areas of S.No.70 of Village Wadgeri does not contain any tree growth and can be released for cultivation. The area has been earmarked as a privilege area for goat grazing to the villagers. The C.F's recommendation is that the land may be granted to the applicants on condition that they do not demand an equivalent area for privileges elsewhere in the forest area. Subject to fulfilling of this condition, the area may perhaps be granted.

Sir,

I write to state that the Sub-Divisional Forest Officer Bagalkot who was consulted in the matter reports that he is not inclined to release any forest lands in forest S.No. 80 of Ilhal for the following reasons :-

1) F.S. No. 80 falls in organised forest:-
2) The percentage of forest in Bijapur District is below the scale laid down by Govt. of India in its national policy.

In view of these facts the request for the grant of the land in question cannot be accorded so.

Shri K.F.Patil,
Minister for Forest & State Transport,
Gov't. of Mysore., Bangalore.

(Subject - Deforestation of R.S.No.80 in village Illhal, Tal.Hunagund, Dist. Bijapur.)

Sir,

Recently in my tour of the district, I had an occasion to visit Illhal village in Hunagund Taluka, of Bijapur Dist. Responsible persons of the village who met me represented that R.S.No.80 of that village contains an area of aproximately 125 acres of black soil land under forestation. The villagers further represented that the above black soil of 125 acres & in R. S.No.80 does not have any trees, minerals or any thing of value to the Gov't. I personally went to the place and saw that this piece of land can be very easily culti--vated to yield food grain crops. In view of the above I would request you to have this question examined thuroughly. Further I should like to request you to arrange to grant this piece of land measuring about 125 acres to members of backward classes and agricultural labourers of the village. This would help the production of additional food grains, at the same time helping the most needy section of the village community.

Thanking you,

Yours Sincerely,

(S.B.Patil)

Date 4/3

Sir,

Sub:-Request for grant of land in S.No.80 of Illal for cultivation.

I enclose a copy of letter No.22-540-3266/59 dated 9-1-60 of the Conservator of Forests, Belgaum along with those of its enclosures and the application of Sri Hanmappa Dongappa Harijan and 22 others (backward and other landless people of Illal, Hungund Taluk), handed over by the Minister for Forests to the Sub Divisional Forest Officer, Bagalkot for kind perusal.

The area asked for by the applicants, is a privilege area for grazing of sheep and Goat of the said villagers and due to this the Department cannot take up afforestation work there.

The Forest Department has therefore no objection for the release of this area provided, however, the villagers do not ask for equivalent portion from the forest area for grazing purposes. An agreement for this effect may be ordered to be taken from them before this area can be released

Yours faithfully,

Chief Conservator of Forests.

The file in which we have agreed to release 46 acres in Vodageri village, AFD 59 FGL 60 has been submitted to the M (AFS) on 20-5-60.

It was presumed therein in the absence of the petition, that Govt had in mind the persons submitted to him in the petition which was incidentally picked from the pond, it is now feared that the case is not so and perhaps the people referred to here are the very people the M (AFS) had in mind when he referred to them as people of Illahal. Anyway the return of the file will be awaited and it will be further examined thereafter

Sir,

Subject:- Request for grant of land in S.No.80 of Illal for cultivation.

In submitting herewith the marginally noted references from the Sub-Divisional Forest Officer, Bagalkot along with the application handed over by the Minister for Forests to the Sub-Divisional Forest Officer, Bagalkot for personal inspection and report, I have to report that the area is previlege area for sheep and goat of the said villagers. The applicants want to cultivate it. If they do not ask for equivalent portion from other forest area for grazing, there is no objection to release 46 acres for cultivation. As it is a previlege area for grazing and if the Forest Dept. takes up afforestation work they may object to it. So the area is not useful to the Forest Department.

2. The applicants shri Hanmappa Dharmappa Harijan & 22 others (Backward and other landless people) of Illal, Taluka: Hungund have submitted their application dated 16-10-1959 to the Honourable Minister for Forests and Road Transport, ~~xxxxxxx~~ personally on 16-10-1959 during his tour, requesting for grant of 125 acres of land out of Forest Survey No.80 of Illal for cultivation and the application was handed over to the under-signed by the Honourable Minister for personal inspection of the area applied for and report.

3. The undersigned, accordingly, has inspected the area applied for by the applicants, personally on 14-11-1959 along with the Sarpanch of the V.P.C. and a few other villagers The area applied for falls in the area set aside for sheep & goat grazing. The villagers are very keen to have the area for cultivation though it is a previllege area for their sheep & goat grazing. It does not contain any tree-growth. The area in question is adjoining the cultivated survey number 71 of Wad-geri and it is better suited for agricultural crops. There are in all 23 families of Backward Class and other landless people, as is seen from the application dated 14-11-1959 enclosed here-with.

4. As the area applied for, is very furtile for agricultural crop, and as the applicants are poor landless pe-ople, the undersigned recommends to grant an area of 46 acres i.e. 2 acres per family(in all 23 ~~xxxxxx~~ families) to them for cultivation on Hangami Lagan to start with. A sketch of the area recommended above is also enclosed herewith.
